PROFESSIONAL EXPERIENCE

Full Stack Teaching Assistant in Henry, Argentina.

JULY 2021 – SEPTEMBER 2021

Bootcamp Assistant (TA) for Full-Stack development students.

- Coordinate a group of students to achieve integration into the study group.

- Guide students through the first steps of the course.

- Help to solve exercises and promote group collaboration. (pair programming)

- Propose ideas to improve Bootcamp processes.

Manager, Oxford Polo Club, Corrientes Argentina.

JANUARY 2018 – MAY 2020

My job consisted of managing 3 businesses. I coordinated the employees, managed the company's bank accounts and I was in charge of the purchase of goods for the company. Due to the pandemic and the crisis in Argentina, they had to close the company.

Rugby Player, Club Rugby Ferrol, Ferrol, Spain.

NOVEMBER 2020 – APRIL 2021

In Argentina rugby was my hobby and I decided to go and play professional rugby in Spain, a great experience that made me meet very interesting people and introduced me to the world of programming.

PROJECTS

Full Stack Individual Project:

Develop a Web App, consuming information from an API that provides information about countries. This project was developed in React, Redux, Express and Sequelize and had to have a landing page, home page with pagination, the possibility of creating activities for one or several countries, enter data for each one, filter by activities, region, alphabetically or population.

Full Stack Grupal Project:

To develop an E-Commerce (Supermarket), created from scratch, with Back-end, Front-end and Database. E-Commerce has a shopping cart with Payment Gateway, Login, Admin and obviously the presentation of all the products of the supermarket.
